Newsware™

Letter From The Editor:

Welcome to Triware Network Systems' monthly Newsware, bringing you the latest in Information Technology. This month's featured white paper is something we all use so much so we do not pay much attention to them and think about them in terms of security - they are our Wi-Fi networks and laptops. Please also feel free to e-mail us with helpful links, upcoming events, and topics you'd like to learn more about & questions for our engineers. Happy Holidays & Thanks for reading!

The Wild World of Wi-Fi and Your Laptop

Wi-Fi networks give users the freedom to access the Internet just about anywhere – from home, the offices, or local neighborhood businesses, even sometimes parks and other outdoor spaces. However, with this accessibility comes risk. My advice when it comes to using Wi-Fi networks is this (from the movie “Body of Lies”) – “Trust no one, deceive everyone.”...
